Each Federation may select its team in any manner it desires. However, each team member must be a citizen or applying for citizenship of the country that the Federation represents. In case of doubt as to the nationality of a competitor, the Chief Judge and Chief Calculator normally will refer to his/her passport.

If a rider does not have a passport from the country he/she is representing, he/she must prove residence in the country for at least five years and membership in an affiliated club of the Federation. Each Federation shall certify that all members of its team meet these qualifications.

Prior to competing, a competitor must sign a participation contract and understand the nature of the sport and its special risks, particularly in the format. It is the responsibility of the competitor to register with the designated registration person and show proof of Federation membership before riding. Competitors must disclose to the event organizer any special medical conditions, including but not limited to, injuries in the past or present or other pre-existing medical conditions.

Athletes are required to purchase and show proof of personal accident insurance prior to entry.

The insurance policy must provide coverage internationally. The organizer will not be responsible for any injury sustained, at any time, by any athlete from his participation in these events.

The costs incurred for medical treatment and hospitalization in private hospitals in Brazil are high. Adequate personal medical insurance coverage is necessary.

Certificate of medical insurance coverage/full payment is required before medical treatment/hospitalization takes place.

All riders have to sign a liability form, and riders under 18 need their parents to sign as well. Each Team Captain has to give Liability forms of all his athletes at the Registration.
